

## 6<sup>th</sup> Grade Instruction Sheet

### **Please:**

- Read the information in the 6<sup>th</sup> Grade Course Description Handbook.
- Discuss the course selections with your parents/guardians and decide which courses you would like to take.
- Your child will be placed in a math course according to their performance on the PARCC, CMAS, MAP's test, and Connected Readiness test, as per district policy.
- Be sure and circle one option in the "other classes" in the third column.
- Be sure that the locker partner that you sign up with does not sign up with anyone else.
- Check here if student has ever been enrolled in any special program.
