2019–2020 School Year

We encourage staff to consider the pros and cons on a **personal level**, a **student level**, and a **school-wide level**. Included in the student and school-wide factors, would be sports practices, clubs, supervision, etc.

Here are a few things to consider:

- Currently our contract work day is 30 minutes before the bell and 30 minutes after the bell.
- Per the employee agreement, we cannot exceed 120 minutes outside of the contract day per month for staff meetings.
- The school day will be 8:05am-2:55pm.
